Notification D. No. 39, dated 19th March 1910.

The following rules for the guidance of Mysore State Scholars in England, approved by the Government of His Highness the Maharaja of Mysore in their Order No. 8143—Ed. 237-09, dated the 17th March 1910, are published for general information:—

(1) The Inspector-General of Education in Mysore shall inform the Educational Advisor of the course of study which it is proposed each scholar shall follow. In cases where this is not decided before the scholar leaves Mysore, the scholar shall follow the instructions of the Educational Advisor.

(2) Scholars will be regarded as being under the supervision and charge of the Educational Advisor, to whom they should in all cases address any communications they may have to make and to whom also all reports or other communications having reference to scholars should be sent.

(3) Every scholar should, on reaching England, at once call upon the Educational Advisor and report his arrival in writing.

(4) Every scholar must, at the end of each term of residence at a University or College, submit to the Educational Advisor a certificate from the proper University or College authority, showing that his residence, conduct and progress in study have been satisfactory during the term.

(5) It shall be competent for the Advisory Committee to recommend the termination of a scholarship and the return of the scholar to India, in the case of misconduct.

J. WEIR,
Inspector-General of Education.

MUNICIPAL AND LOCAL FUNDS.

BANGALORE CITY MUNICIPALITY.

Notice dated 21st March 1910.

Notice is hereby given that sealed tenders will be received by the President, City Municipalty for dismantling the fort wall from the south gate, Bangalore City, up to 2nd April 1910.

2. Plans and detailed estimate can be seen in the Municipal Executive Engineer's Office, during office hours.

3. The approximate quantities and items of works to be carried out are given below. As this work is to be completed before the end of the official year it may be found necessary to divide the work into three or four bits. This will be decided by the President at the time of disposing of the tenders.

4. Bills will be prepared according to sections of fort wall recorded in the Municipal Executive Engineer's Office. Out of the total quantity of both stone and earth-work, the quantity of stones will be deducted and the balance paid as earth-work. The earth to be thrown into the trench behind the fort.

5. Stones will be satcked in measurable heaps of sizes that may be decided by the Executive Engineer, on glacis or other convenient places the Executive Engineer may point out from time to time. Stones of half a cubic foot or less should not be stacked with stones but should be thrown into the trench. Payments for stone work will be made on measurements of heaps after deducting 30 per cent or 40 per cent for crevices according to the way in which they are stacked.

6. Each tenderer must definitely state the rate at which he would carry out each item. The work must be completed by the 10th of June 1910.
